01 What is Trauma cover?

What's the benefit?

Trauma cover pays out a lump sum if you suffer from a condition covered in the insurance policy, like a heart attack, cancer, stroke, angioplasty and more.

What does it do?

It pays you a lump sum which can take away a lot of the financial pain, so you can focus on getting better.

When does it pay?

If you have been diagnosed with any of 40+ trauma conditions named on page-4 and its defined definition. Depending on the condition you'll receive payment of the full sum insured or a partial payment.

Make sure it's right for you.

Trauma cover can help:

Pay for medical costs not covered by the health system.

Provide financial support if your partner needs to take time off to care for you.

You, to focus on getting better.

02 Key facts you should know.

Available on its own or as an advanced payment deducted from your Life cover.

Max level of cover is \$2m.

You can apply aged 16-64 (69 if linked to Life cover).

You'll be asked to supply personal details about you; like health and finance.

Choose how you want to pay; a set price for a fixed period-of-time or payments that increase each year.

You're covered for the Trauma conditions listed on page-4, though for some conditions cover starts 3-months after you've taken out your policy.

03 Here's a snapshot of what's included.

- ✓ **Protect your children** – For no extra cost your children (ages 2-20) would also be covered. Should they suffer one of the eligible trauma conditions a payment for a percentage of your cover would be paid. This is an additional payment that does not reduce the amount of the parent's cover.
- ✓ **Increase your cover without additional medical information** – There are lots of milestones in life that can prompt you to increase your cover. You may have got married, had a child, taken out or increased a mortgage. As life changes, so can your cover. At times like these, you might be able to increase your cover without providing any additional medical information.
- ✓ **Relocation benefit** – If you have been living overseas for more than 3-months and have a trauma claim accepted, we will pay an economy airfare for you and a support person, for up to \$10,000 to be flown back to New Zealand.
- ✓ **Financial planning benefit** – If you receive a large lump sum payment it can be overwhelming to plan how to use these funds. In situations like this, working with a financial advice provider can be invaluable. If you were to receive a payment of \$100,000 or more, we will reimburse the costs up to \$2,500, for a fully documented financial plan prepared by a financial advice provider who can help plan your financial future.

04 Consider adding options to suit your personal needs.

Here are some of the options you can add-on to this Trauma cover that may require payment of an additional premium.

Inflation protection.

To help the amount of your Trauma cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.

Buy back your Life cover.

If we have paid you your full Trauma cover, you have the option to buy back your Life cover reduced by your trauma claim. This returns your Life cover to the same amount you had before your claim. Depending on your condition this can be 6 or 12-months after your claim. This is only available when you have chosen to take Trauma cover as an advanced payment deducted from your Life cover.

Trauma reinstatement option.

Once you are paid a full benefit under your Trauma cover, the cover ends. This option allows you to reinstate your Trauma cover without having to provide any additional health evidence 12-months after receiving payment. The reinstated amount will only be paid for conditions unrelated to your original claim.
