01 What is Key person cover for farmers?

What's the benefit?

Specially designed for those who have more recently taken over ownership or management of a farm. Key person cover for farmers can help provide support with a monthly payment if a key worker is struck down by sickness or injury that means they can't work.

What does it do?

It provides a replacement monthly income for up to a year, should a key person suffer sickness or injury.

When does it pay?

When a key person is injured or has a sickness which leaves them unable to work. This inability to work needs to continue past a waiting period (from 2-weeks to 13-weeks), chosen by you, before receiving any payment.

Make sure it's right for you.

Key person cover for farmers can help:

If you are new to farming.

If you have recently taken over ownership or management of a farm.

If you have recently purchased a minimum of 50% ownership of a sharemilking herd.

02 Key facts you should know.

You can apply aged, 16-59.

The cover ends at age 65.

Maximum pay-out is \$9,000 per month.

Benefit payment is available for up to 12-months.

The amount you pay increases each year.

Available for a key person who is a farm owner, farm manager, a sharemilker or a contract milker.

03 Here's a snapshot of what's included.

- ✓ **Earlier payment with any relapse** – If you haven't used the full 12-months on claim and you have suffered a recurrence of the same or related sickness or injury within 12-months of returning to work, the waiting period will be waived. This means you'll receive payment earlier.
- ✓ **No need to wait** – In some circumstances we're able to waive the wait period for a new unrelated claim, which means you may receive payment sooner.
- ✓ **Benefit period reset after recovery** – After we've paid you a claim and you've returned to full time paid work, depending on the circumstances of any future claim, your benefit period might reset.

04 Consider adding options to suit your personal needs.

Here is one option you can add-on to this Key person cover for farmers that may require payment of an additional premium.

Inflation protection.

To help the amount of your cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.
