Moderate Trauma Cover

Overview

Protect yourself and loved ones with Moderate Trauma Cover that provides support for Covered Conditions like cancer, a heart attack, blindness or loss of limbs.

- Provides similar benefits to Trauma Cover with a more serious diagnosis required for some conditions – making this a more cost-effective option.
- Pays a lump sum so you can take time off work to recover, settle expenses or make alterations to your home – the money is yours to spend how you choose.
- Additional benefits to support you and your loved ones.
- Option to link your Moderate Trauma Cover to your Life Cover to reduce costs.

Protection that fits your life.

Your Moderate Trauma Cover is designed to provide the cover you need today, and in the future – whatever life may bring.

You can choose from full cover that includes all the premium benefits Partners Life is known for. Or, if there are options you know you won't need, simply remove them to build your own customised cover.

Partners Life provides a range of insurance covers designed for specific needs that you can add* or remove from your plan when life changes – helping to keep you and your loved ones protected through your life journey.

Did you know?

You may be able to reduce costs by linking your Moderate Trauma Cover to your Life Cover.

You can choose between Moderate Trauma Cover Accelerated and Moderate Trauma Cover Standalone. Both options provide the same benefits – the difference is the way your claims are paid.

Moderate Trauma Cover Accelerated can be a more cost-effective option because it links your Moderate Trauma Cover to your Life Cover. This means if you claim under your Moderate Trauma Cover, your Life Cover is reduced by the amount paid out. If you choose Trauma Cover Standalone, this doesn't reduce any other cover you may have.

You may have the option to 'buy back' your cover after you suffer a covered condition.

Once you've claimed under your Moderate Trauma Cover, you may want to reinstate your benefits to the original level of cover, in case you suffer another Covered Condition in future. This is called a 'buy back'.

There are several 'buy back' options available under Moderate Trauma Cover. Each option has different terms. You can find a summary of those terms in this guide, or the full policy wordings in the Partners Life Journey Plan policy wordings.

What your cover provides

The following tables show the benefits available under Base Cover and Options.

- **Benefits:** These are the names of the benefits.

What it covers: This provides a summary of each benefit. Conditions, exclusions and limits apply. You can find the full details in our Partners Life Journey Plan policy wordings. Special conditions, exclusions and premium loadings may also be applied to your policy.

How it works: This shows the maximum amount (limit) we'll pay in one policy year for each person who is part of your policy ("life assured") if your claim is accepted by Partners Life.
